Career Planner

Chief Mentor's Foreword...

Trust you are in pink of your health. We have created this platform for your success and excellence. The talent team (the best teachers of all subjects), professional management and excellent infrastructure under one roof across all the CP branches in India are the keys to success. Our Super Group, "Alliance Club" is the backbone of "Career Planner" where students are nurtured on all fronts to become future corporate leaders.

CP and AC DNA is another milestone where all our desks work closely as a cohesive unit so that our young game changers create a huge impact on our society and make our nation resurgent.

When this venture started, I was working with a public sector Bank as "Manager". Later, I moved to one of the leading financial giants where I worked as a "Zonal Head" and was taking care of Bihar, Orissa, Jharkhand and Andhra Pradesh. Despite all my hectic schedules & professional commitments, my commitment to "Career Planner & Alliance Club" never got wavered. After 17 years of extensive corporate experience in senior management level, I was further promoted and transferred to other location but for the overall development & career progression of my students, I took a voluntary decision to quit my illustrious & progressive career and completely devoted myself to the welfare of my students.

"Career Planner" is making its presence felt in different parts of the country, we remain alive to innovation and adaptation to the changing realities. As our alumni make their presence felt in banking, financial, government and other sectors, we feel that our efforts have not gone waste.

It is on this note of satisfaction and renews commitment to future challenges that I wish all of you the best of life and times ahead.
